**Theme: Mentoring Matters**

*"Mentoring is a relatively recent term especially in Christian circles, but what it describes has been the focus of Christian community since the early church. It is a dynamic relationship of trust in which one person enables another to maximise the grace of God in his/her life and service. It has a sound biblical and theological basis with Jesus as the ultimate model, retaining all that is consistent with his life and teaching."*

**WATCHING OVER ONE ANOTHER IN LOVE**

John Wesley's 'General Rules for Methodist Fellowships' (Societies) released in 1743 included, 'Watch over one another in love'. This was the key to his success in retaining those who were converted through that revival. In class meetings and one-to-one, they cared for one another. "Watching over one another" is the essence of mentoring.
